

2017 Annual Report

100 NEWPORT DRIVE, PORT MOODY

Message from the Board Chair

2017 was a year of change and transformation. We began a significant capital project to renovate the library, as well as added new features and furniture. These features included new self-checkout machines, a new laptop bench, new Information and Accounts desks, as well as more study space. Our goal is to make the library more functional, comfortable and enjoyable for all. This project started in 2017 and will be completed in 2018.

The renovation project provided a unique opportunity for staff to reach out to more Port Moody residents through various outreach programs. Our staff connected with the community with more visits to schools, the SHARE Food Bank and StrongStart programs.

The success the library experienced in 2017 is due to remarkable staff, loyal patrons, community partners, and dedicated trustees. I would like to acknowledge the ongoing financial support of the City of Port Moody and the Province of British Columbia.

2017 Accomplishments

Ignite the imagination of the community

- Enriched cultural understanding for newcomers with the “Learn about Canadian Culture” series presented in partnership with Tri-Cities Adult Literacy and ESL Working Group.
- During our library renovation, programming staff conducted over 40 outreach visits including sessions at StrongStarts and storytimes at the SHARE Food Bank.
- Partnered with Horticultural Services to offer “Where the Wild Things Grow,” a program which aims to help children connect with their local environment by getting their hands dirty planting vegetables and herbs.
- Championed information literacy with the program “Fighting Fake News” with Ron Darvin from UBC.
- Hosted a special Storytime with Port Moody Fire Rescue during Fire Prevention week to raise public awareness of the importance of fire safety and help develop a new generation of fire-smart citizens.

Infuse library space with new energy and purpose

- Started an extensive library renovation project that improved both the functionality and appearance of the branch. This included a complete change to the Circulation and Information desks.
- Developed a “Functional Space Programming Report” in collaboration with the Resource Planning Group, Inc. This report described in detail the design requirements for a proposed new library building.

2017 Accomplishments

Inspire a generation of young readers & learners

- Piloted a new program that paired teen volunteers with younger students to create their own illustrated stories.
- Launched a new Teen Summer Reading Club to engage middle and high schoolers and encourage them to read for pleasure during the summer months.

Invest in new technologies & digital collections

- Launched Lynda.com, a career skills training database that provides access to thousands of career training opportunities related to business, software, technology, and the arts.
- Replaced our security gates and self-checkout machines to improve the patron experience.
- Engaged the services of Atomic Crayon to conduct a website analysis. This resulted in a plan to replace the website.
- Launched a new wireless “print from anywhere” service.
