bOB HOmer

Exhibition opens
May 1, 2015
and closes
May 31, 2015

Drawing on his years of graphic design experience, HOmer's latest works are heavily influenced by his love of comic books, capturing energy and movement with the use of thick black lines and flat, minimalistic colour and layout. The blank or blurry faces create an illusion that draws the viewer in and allows them to see who they see.

HOmer is a technical and scientific illustrator who often works with mixed media but, for this series, only used acrylic paint on canvas. More of his work can be found at www.bobhomer.com.
