

Art Exhibition

Russell Cullingworth

Exhibition opens
January 2, 2016

and closes
January 31, 2016

South African born Cullingworth has always loved drawing and art, but only started painting with acrylic a few years ago. Cullingworth states “I will forever be fascinated by the shades of blue and the way light is reflected and refracted by water.”

He hopes this exhibition will bring the viewer closer to the sounds, smells and visual delight that draws all of us to get as close as we dare to the ocean.
